- Communication
- Multi-tasking

Education Background

- Liceul Teoretic "Carmen Sylva"
2017-2021 Promotion
- Facultatea de Matematica si Informatica,
Ovidius
Started in 2021

About Me

I am 21 years old and I like IT industry, sports (especially football), good music and interacting with other people. I enjoy the beach, nature, trips, music festivals, going to sport events, meeting new people and learning interesting things everyday. I am serious when it comes to work on something, curious to discover things I don't know, punctual and a person you enjoy working with.

Professional Experience

Not the case

Software skills

C/C++ - Good

Java - Excellent

Python - Good

Web Development (Angular) - Very good

C# (Game Development) - Very good

Projects

Available on my github: github.com/corsimar
